

## Apply to the Renantis Student Scheme for Sustainable Energy Studies

**Are you a student considering a career in the renewable energy sector, or a business looking to upskill or reskill your workforce in sustainable energy in the United Kingdom?**

At Renantis **partnerships with the communities** around our wind farms are at the heart of everything we do.

We believe in the importance of **nurturing talent**, and we are committed to **supporting the development of professional skills** related to the renewable energy sector in the local areas where we operate.

We are particularly interested in supporting those students or technicians working towards a qualification in **energy and renewables**.

### How to apply

#### ELIGIBILITY CRITERIA

- Applicants must be 16 or over at the start of the course.
- Eligible applicants are those individuals living or studying in the areas surrounding Renantis' UK wind farms (situated in Scotland, Yorkshire and Wales).
- Applicants must be studying a qualification that would help them gain professional skills they can use in the renewable energy sector.

#### WHAT THE FUND CAN COVER

- The annual fund of £6,000 will be shared between the successful applicants.
- Renantis will cover expenses which assist the candidates to complete their course. Eligible expenses include travel/commuting costs, training materials (books, software), internet connection and equipment.
- The successful applicant must provide receipts or evidence of all their expenditure.

To request financial support, apply before 16 October 2023
